IS WHAT PARTICULAR DRESSERS WANT IN

## Novelty Dress Goods

The new Creations in Fall Fabrics certainly do credit to the designers. They have shown good taste in producing new combinations of the popular Herringbone and chevron stripes and in combining perfectly harmonizing colors to give a pleasing, subdued color effect.

YOU CAN BUY LAST YEAR'S NOVELTIES AT ALMOST ANY PRICE if you are willing to be a year behind the times, but when you want THE VERY LATEST CREATIONS IN DRESS GOODS at prices based on the spot cash plan, we have a splendid assortment in all the wanted colors and are ready to "show you."

We DO NOT handle ladies' ready made suits and therefore do not underrate the importance of yardage goods to force sales in the ready-made departments, as is done in many stores. We are receiving many compliments on the

**WILL YOUR STORE STAND THE TEST OF REAL ADVERTISING?**

The sort of advertising that really focuses attention on a store, or an enterprise, a venture of any kind—that puts it squarely in the "spot-light," and holds it there—that sort of advertising is a TEST OF THE MERITS OF THE STORE OR ENTERPRISE. And it's a hard test.

A merchant who is "doubtful" about his store had better put things right before he gets into the white light. For real publicity will uncover defects, as well as emphasize merits, in goods, in service, in any phase of store-keeping.

The stores that have thrived on big advertising have passed the severest tests. They have not been found wanting. That they continue to be big advertisers is proof of their having "won out" under the "spot lights."

When your store is ready for the test, make it boldly. To win is to be aligned with the big stores. Not to try is to never emerge from the ranks of the little fellows.
